II VINTAGE GLIDER RALLY

July, 17th-20th, 2008 Santo Tomé del Puerto (Segovia)

Place: Airfield in Santo Tomé del Puerto (Segovia). Spain

Date: July 17th-20th, 2008

Organizer: Club LORETO VSM

LORETO VSM Gliding Club is holding during July 17th-20th, 2008 the II Vintage Glider Rally at the airfield Santo Tomé del Puerto (Segovia). It will be a friend meeting, not competitive, with a main objective: to fly with vintage gliders in the Guadarrama mountains thanks to its favourable weather conditions in summer and to spend some days sharing vintage experiences with all persons visiting the airfield during this event with or without glider.

It will be possible to fly in a two-seater vintage glider from the local gliding club (Blanik, Tandem-Falke and others) for all the participants that come here without glider.

Due to secure flight limitations in the airfield, the registration to the rally should be made before May 15th, 2007 taking into account that during these days the local gliding club is also holding its summer season.

You will be also welcomed attending the rally with a vintage engine aircraft in order to offer the public a colourful flying event.

Accommodation could be in a camping way in the airfield or in any hotel or guest houses in the area very close to the airfield.
